SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, August 19th, there being present P. H. McEvoy, presiding, D. E. Blackburn, Wm. H. Brown, Jas. T. Casey and Jos. M. Francis.

Reports of the motorcycle officers were received as follows:

M. F. Brown, Second township—Six arrests, 4 convictions, 6 cases pending, Fines $95.

T. A. Martenstein, Third township—Six arrests, 6 convictions. Fines $140.

E. Pescaro of Vista Grande applied for a renewal of his license to peddle drygoods in the county, and same was granted on motion of Casey, seconded by Francis.

G. Cassino and S. Chalra of South San Francisco applied for licenses to peddle fruit and vegetables. The applications were laid over for investigation until the next meeting, on motion of Casey.

The following report was received from the committee appointed at the last meeting to advise the board as to the necessary tax to maintain the proposed road bond issue of $1,250,000:

To the Honorable Board of Supervisors, of the County of San Mateo, State of California—Gentlemen: Your committee on tax rates relative to the proposed bond issue of one million, two hundred fifty thousand dollars, for a system of roads in San Mateo county, beg leave to report as follows:

The assessed valuation of San Mateo county for 1912 is $28,500,000.00. The assessed valuation for 1902 was $14,476,000.00, showing an increase of almost 100 per cent for the past ten years. Assuming that the bond issue is to run for forty years, at 4½ per cent, it would require a tax rate of 32c on each $100 valuation for the first year, which would retire $30,000 principal and $56,250 interest.

Should the valuation increase in the future at the same ratio as the past ten years, the fifth year the tax rate would be 20c on each $100 valuation. At the end of ten years 12c on each $100 valuation. It is our opinion that should the proposed system of roads be built, that the assessed valuation of the county would be increased at the end of ten years nearer 200 per cent then the estimate given you of 100 per cent.

Respectfully submitted, C. D. Hayward, assessor; W. H. Underhill, auditor; J. V. Neuman, County Surveyor.

On motion of Brown, seconded by McEvoy, the report was referred to the citizens' advisory committee.

A communication was received from the San Diego Exposition Company asking the board to appropriate a portion of its exposition fund to the maintenance of an exhibit at the fair to be held at San Diego. On motion of Brown, seconded by Francis, this communication was referred to the exposition committee.

Edward Stephens, the assistant janitor at the courthouse, applied for and was granted a two-weeks' leave of absence on motion of Francisco, seconded by McEvoy.

A communication was received from the State Board of Health notifying the board that a convention of health officials will be held at Berkeley from September 23 to 28 and requesting that a representative be sent, his expenses to be paid by the county.

The communication was accepted on motion of Casey, seconded by McEvoy, and Health Officer Beattie notified to attend, and render a statement to the board of his expenses.

Miss Eddy, a representative of the State Library at Sacramento addressed the board in reference to the establishment of free libraries in this county. Under a recent act of the Legislature Boards of Supervisors have power to establish and maintain such libraries, the books for which are supplied by the State free.

Miss Eddy presented the following resolution which was adopted on motion of Casey, seconded by Brown:

Whereas, An act entitled "An act to provide for the establishment and maintenance of county free libraries in the state of California, and repealing an act entitled 'An act to provide county library systems,' approved April 12, 1909, and all acts and parts of acts in conflict with this act," approved February 25, 1911, has made it possible for the Board of Supervisors to establish a county free library for San Mateo county; and

Whereas, The establishment of such a county free library will be for the best interests and welfare of the people of said county; therefore be it

Resolved, That the Board of Supervisors of San Mateo county, State of California, hereby declares its intention to establish a county free library for San Mateo county under the provisions of said act, and that at a meeting to be held on Thursday, the 5th day of September, A. D. 1912, at 10 o'clock a. m., in its rooms in the county courthouse, it will take steps toward such establishment; and the clerk of this board is hereby directed to publish a notice of such contemplated action, together with the time and place, in the Redwood City Democrat, a newspaper, at least once a week for two successive weeks, as required by law.

As the resolution is only preliminary it does not bind the board to the undertaking. Miss Eddy will canvass the county and advise the board more fully at the next meeting.

Superintendent of Schools Cloud reported that the furniture and fixtures of the abandoned Pharis school were of little value. On motion of Francis, seconded by Casey, the superintendent was authorized to dispose of the property to the best advantage and to present the bell to Rev. Mr. Crabtree of the Redwood City Episcopal church, who had offered to purchase it.

Mr. McEvoy reported that a bridge crossing the Alembique creek near Woodside was in a dangerous condition but he was unable to repair it as the road was on private property, though it had been used by the public for over forty years.

On motion of Casey, seconded by Brown, the chairman was authorized to placard the bridge as being dangerous.

Arthur H. Redington, the attorney for Hillsborough, entered a protest against the granting of a permit to establish a hog ranch on Brewer's Island, east of San Mateo.

McEvoy reported that he had investigated the complaint from La Honda that fence builders employed by George A. Pope were encroaching on the county road and found the complaint to be well founded. The builders had agreed however, to move the fence and to hereafter confine themselves to the proper lines.

A communication signed by Arthur Anderson, C. M. Bogle and F. L. Kielmann, a committee of the Lomita Park Improvement Club, was received informing the board that there were twenty-one lamps in that lighting district for which it had been agreed to pay $1 per month per lamp.

The communication was accepted and filed on motion of Casey, seconded by Francis, and it was directed that the disputed claims against the district for electric current be referred to the committee for auditing.

Surveyor Neuman stated that a restraining wall was needed on the La Honda road just below the Ackerman blacksmith shop. The road was constantly washing away and a dangerous bank had resulted.

It was ordered at the request of the chairman that the surveyor report to the board the cost of a restraining wall.

The application of F. C. Bowan for a permit to establish a hog ranch on Brewer's Island in the Second township was taken up.

The opposition to the permit was opened with the reading of a protest from the C. A Whitney Company of San Mateo.

At this juncture Attorney Styles, representing Bowan, stated that he desired to withdraw the application.

Attorney Geo. C. Ross suggested that all of the protests be read to give the board an idea of the attitude of the community on the subject.

It was ordered on motion of Brown, seconded by McEvoy, that the application be withdrawn.

Brown moved that the protests be read. He was seconded by Casey and it was so ordered.

Protests were read from the following: The City of San Mateo, the City of Hillsborough, the San Mateo Land Company, the Peresford Country Club, El Cerrito Land Company, San Mateo Board of Trade, residents of San Mateo Homestead, John Barneson, Wm. Styan, Geo. B. Childs, Wm. Decker and others.

On motion of Brown, seconded by Casey, the protests were accepted and made a part of the record.

The petition presented by Enos B. Ralston and others at the last meeting for the opening of a road through the Gilbert and Ralston properties in the Third and Fifth districts was taken up.

James T. O'Keefe, representing Mrs. Kate Ralston objected to the petition, claiming that it was insufficient in not being accompanied by a bond, as required by law.

The chairman held that Mr. O'Keefe's objection was well founded.

Enos B. Ralston asked permission to withdraw the petition with the intention of later presenting another in proper form. Permission was granted on motion of Francis, seconded by Blackburn.

The board met in adjourned session on Tuesday, all of the members being present.

A map of the Sequoia tract, presented by R. F. Chilcott, was accepted for record on motion of Brown, seconded by Blackburn.

On motion of Blackburn, seconded by Brown, the surveyor was directed to proceed to the Fifth township and make certain surveys at the expense of the county.

Plans and specifications for a concrete bridge at Montara were presented by Surveyor Neuman and accepted on motion of Francis, seconded by McEvoy, and the clerk directed to advertise for bids for same.

On motion of Francis, seconded by Brown, the supervisor of the Fourth district was authorized to install a corrugated iron culvert at Marine View, with concrete reinforcement.

Plans and specifications for installing lights in the Halfmoon Bay Lighting District were accepted on motion of Brown, seconded by McEvoy and the clerk directed to issue a call for bids for same.

Adjourned to Wednesday, September 4th.

The convent school opened Monday with an enrollment of 120, an increase over last year's attendance.

SOUTHERN PACIFIC GETS ITS EYES OPEN

The San Jose Times, which claims to be on the inside regarding railroad matters, printed the following article in a late issue, which will be of interest to local residents:

"As announced in the Morning Times exclusively a few days ago, the trip of Paul Shoup, president of the Pacific Electric Company of this state, to this valley lately was without doubt to consider, among other things, the operations of the surveyors of the Fresno, Coalinga & Tidewater Railway Company in this field.

"Mr. Shaw, manager of the new road, asserts that no sooner had the announcement been made that the surveyors of his company had gone north of San Jose and toward San Francisco than the right-of-way men of the Southern Pacific, which is the known real owner of the Pacific in California, came into the feld and began to buy rights-of-way where they believed the survey of the Coalinga, Tidewater road was to run.

"A reliable railroad authority states that the Peninsula company of this valley, which is a part of the Pacific Electric system, now intends to build its lines not only connecting its Palo Alto end with the end of the United Railroads system by reaching to San Mateo, but to build through the Stanford estate to the towns of Woodside, Pescadero and Halfmon Bay and back to Redwood City, thus forming a gigantic loop along the very lines which have in the past been proposed by Redwood City interests.

"This plan, this authority asserts, is one which is intended to complete the paralleling of the proposed line of the Fresno, Coalinga & Tidewater road and reach San Francisco with direct electric line from San Jose.

"This same authority asserts that all this activity is owing to the fact of the proposed construction of the Fresno project and that Mr. Shoup's hurried visit to this valley in a big "6" auto a few days ago, his conference of three days in San Francisco and his long trip at break of day through the territory into which the new lines will project was solely due to the fear that this new railroad project might beat his company to it.

"Mr. Shaw, manager of the Fresno-Coalinga company, is optimistic as to the possibilities before his company. He says that the engineers and experts employed have gathered all the data as to productions and tonage going, out and coming in all along the line of his road and that every step is being taken with a view to the revenues to be secured from sharing in the transportation of all this traffic. He announces that people from the east who are interested in the proposed new railway are now on the ground and that others are on their way from the east here.

"Rights-of-way are be donated to us freely in San Mateo County," said Mr. Shaw, "and the people up there seem to appreciate the value of a competing line to the fullest extent."

"The development of the territory through which our lines are to be extended is of utmost interest to this section and reaching as we will, a section which has proven rich in the production of everything necessary to the comfort of mankind, we feel that we are justly founded in the belief that our road will be a success from the start.'"

The San Mateo County Development Association has passed resolutions endorsing the project of the Fresno- Coalinga & Tidewater Railway Company and pledges the support of that body in every way, consistent with the scope of the organization, to aid the new company in projecting its lines through that territory.

The new company has completed its surveys through this county. It is claimed that its route will materially shorten the distance between San Francisco and San Jose.

THE DEVELOPMENT ASSOCIATION

A MAN OF THE MASSES.

H. C. Rodgers, the candidate for the Republican nomination for supervisor of the First township, is making a whirlwind canvass of his district and everywhere is meeting with enthusiastic support. He is the logical candidate to carry the republican banner of the district to victory in November and at the primaries on September 3d should receive a unanimous vote. Mr Rodgers is the candidate of all the people and the representative of no particular faction or section of the district. His nomination means his electon.

RELIES ON HIS RECORD.

In seeking a renomination at the hands of the Republicans of San Mateo county as their candidate for Assemblyman, Henry Ward Brown is but asking for his just due. In all its history San Mateo county has never sent a man to the Legislature who has more carefully guarded her interests. With a mind too broad and a nature too independent to be controlled by faction, he has stood independent of the boss of any clique. The only "interest" he has served has been that of his constituents. What a man has done in the past is the best evidence of what he will do in the future and Mr. Brown has a record of accomplishments of which he may be proud.

LOOK TO THE FUTURE.

That a system of well improved roads connecting the important sections of the county would prove of inestimable value, no reasonable person can question. That a system of roads of this character, to accomplish its utmost practical benefit, should be continued through the municipalities which it connects, is also an unquestionable fact.

The method by which this can be accomplished, however, without endangering the interests of the municipalities, is a more serious question. While the law provides a method by the surrender of jurisdiction by the city to the county, there is by no means a certainty that in all cases, or even in the majority of instances, this course is a really wise one. Especially is this true unless some means can be found of surrounding the surrender with safeguards of local interests which the law does not seem to provide.

In the case of Redwood City especially, antion of this character should be taken by the Trustees only after deliberations of the most mature character. While undoubtely it would be to the advantage of the city to have a pavement of modern character built upon the County Road through the city, and the building of such a road at the general expense of the county would prove a material saving to the owners of property fronting on the thoroughfare, it is a grave question whether the city can afford the ultimate risk to her internal development.

This road is an important artery to the city, passing as it does through the center of its territory. The time may come, and that before the lapse of many years, when it will be of the utmost importance that the trustees should have absolute authority to grant franchises for street railways or other means of rapid transportation either across or along this thoroughfare. It should at all time be within the power of the iity authorities to regulate traffic of all kinds over this as well as others of its streets. Unless all posibilites of this charactor can be safeguarded, even at the cost of a necessity of providing for the expense of improvement by some means independent of a county bond issus.

Special Night at Bell Theater.

A departure from the usual custom will be made at the Bell Theater for Monday evening, when Frank Cooley and his popular company will appear in and evening of comedy, presenting their amusing sketch "The Town Fool." As the comedy is a full two hours round of fun, but one performance will be given. The doors will open at 8 o'clock and the play will start at 8:30. As an opener one good reel of pictures will be run. Thre price of general admission will be 25 cents; reserved seats, which may be secured at Ryan's drug store, 35 cents. Cooley always presents something good and should be greeted by a full house.

FOR AN INDEPENDENT JUDCIARY.

In the excitement of the hour, the splendid stand taken by Associate Justice Charles E. Hugees of the Supremt Court when urged to allow the use of his name as a compromise candidate for the presidential nomination before the Chicago convention seems to have passed almost unnoticed. Yet it was an act which is likely to have a far reaching influence upon the relations between the judiciary and polttics.

As a former leader of a party which had twice in succession elected him to the governship of the greatest of the states, as a man who had received many votes for the presidental nomination while halding the governorship, Justice Hughes naturally presented many possibilities as a compromise candidate who might unite the waring Taft and Roosevelt factions. Men in both factions naturally turned to him as a hope when the conflict between the two big aspirants seemed to be assuming an irrepressible aspect, in the hope of preventing a disruption of the party elements.

In his refusal to accept a nomination at the hands of the convention under any circumstances, Justice Hughes took a commendable stand, one which should awake the admiration of every citizen who cherishes the institutions of his country. He determined, so far as lay in his power, to keep the Supreme Court out of politics. In these days when the recall of the judiciary, the consequences of which would be to destroy the courage and independence of the courts, is being suggested by a considerable element of the people, he has set an example of absolute severance between the judiciary and the mob spirit of the hour. The framers of the Constitution made the legislative, the executive, and the judicial departments of the government independent of each other. Justice Hughes, as an eminent representive of the judiciary, has by his manificent stand refused to contenance any act which would tend to diminish popular confidence in the independence and sincerity of his guild. His action will go far toward keeping the ermine free from all taint of factional or partisan bias.

HAYES GAINING STRENGTH.

The candidacy of Congressman E. A. Hayes to represent the new Eighth Congressional District is meeting wth the support of representative citizens in all sections of the distrct, irrespective of political affiliatons. He is on a tour of all the counties embrased in the district and is being enthusiastically received. It is his purpose to come in personal contact with representatives of every esction of the district that he may learn at first hand concerning the needs of the various sections. During the eight years he has been in Congress, many important measures have been considered and he has always been found firm in his loyalty to his constituents in voting on these measures. He was one of the original insurgent members of the House and it was mainly due to his efforts that the despotic rules of that body were overthrown. He did hard and effective work in getting the Panama exposition for San Francisco and has sought to encourage protection for the fruit interests of this State. While many misleading statements concerning Mr. Hayes have been given publicity, the fact remains that he has accomplished much for Caliofrnia in the line of progressive legislation.

Mr. Hayes is firm in his convictions concerning the great menace to the workingman of the continued immigration here of Orientals and is one of the most firm supporters of the Japanese and Chinese exclusion polity for which he has faithfully labored during his entire Congressional career.

Mr. Hayes' eight years' service in Congress certainly qualifies him for work that cannot be expected of a new member and if the present temper of the voters is any indication of the outcome of the contest to be waged at the primaries next month, Congressman Hayes will achieved an overwhelming victory.

While trying to decide who is entitled to your political support, don't forget the fact that your home merchant is entitled to your business support.

Big Suburban Realty Deal.

The Redwood City Realty Company, C. M. Wooster, J. J. Morris and other capitalists, have purchased 745 acres of the Jerry Clark holdings opposite the Mayfield depot that was laid out some time ago and called the Town of Leland. George C. Ross, president of the Redwood City Realty Company in speaking of the purchase yesterday said: "Too many good cow pastures have been spoiled by cutting them up into small lots for town sites. The peninsula has been injured by that kind of real estate business, and we decided to have no small lots in our tract. The property may be called Stanford Acres, as it will be divided into five and ten-acre parcels for small homes, where people may build suburban homes or raise vegetables, berries and such products. It is planned to extend the electric line on Waverly avenue out of Palo Alto to the tract, which ad joins South Palo Alto. The price paid for the property is $160,000."

Edward E. Case, a nephew of Mrs. H. S. Johnston of Ivy Cottage, and a former resident of this city, passed away in San Francisco last Friday. He was a native of California, aged 42, years. The deceased was interred in Cypress Lawn cemetery Wednesday.

Redwood Gets Another Scalp.

Redwood City's crack baseball aggregaion journeyed to San Mateo last Sunday and came home with another scalp at their belts, defeating the San Mateos on their own grounds by a score of 9 to 1. San Mateo up andmade them look Infact the Redwood boys showed San Mateo up and made them look like bushers, hitting the ball at will and almots tiring themselves out running bases.

Sam McCormick, Redwood's little wonder, who holds the center field position, played a great game in the outerfield and also featured at the bat with three long hits out of four times up, which put the game on ice. The pitching of Howrege was also a great feature, while as usual, Castro, Denicke and Goldenson played a good game.

Tomorrow's game will be with the San Francisco fire department, the best amatuer team in the Metropolis. Everybody should get up and give the home team the support they are entitled to. Game will be called at 2:30.

LOCAL NEWS NOTES

A card party and dance will be given by Olive Branch Rebekah Lodge, Saturday evening, September 7th, for the benefit of the home for orphans.

Members of Gen. George S. Evans Relief Corps will visit San Jose next Wednesday to witness the exemplification of the work of the order by Department officers. The party expect to leave here on the 11:45 train.

YOUR INSPECTION IS CORDIALLY INVITED.

WILL HONOR NAME OF OLD RESIDENT

City Council Will Grant Request for Elimination of Confusing Street Designations.

The particularly noticeable incident of the meeting of the city councillast Monday evening was the entire absence of spectators. Except for the present of a few attaches of the city government, the seats in the lobby of the room were entirely unoccupied. Remaining at home on account of a slight illness, Trustee Hynding was the only member of the council not in attendance.

A communication from Judge Fitzpatrick requesting that the council take action to clear an apparent cloud on the title of property of Mrs. Barrett and Mrs. Hartley on Stambaugh street occasioned by errors in an early map of that section on record in the office of the County Auditor and which appeared to show slight extensions northerly of Beach and Elm streets. It appearing from the report of the City Attorney that the portions of streets shown had never been opened or used and that the city in reality had no title, it was ordered that resolutions vacating any rights shown on the map be prepared for action at the next meeting.

The map of Roosevelt Oaks tract, presented at the last meeting was accepted.

City Attorney Mansfield reported that he could find nothing definitely determining the official designation of what had been called Main-street Extension, the only direct mention being a map filed in 1863 by Diller. He advised that names of the streets might in any event be changed by ordinance. Trustee Deleau reported that he had made an effort to ascertain the sentiment of merchants as to surrendering the name of Main street for the business section and had found a unanimous opposition. So far as he was concerned he was of the opinion that public convenience should outweigh a mere matter of sentiment and he believed that the name of Mound street should be dropped and the entire thoroughfare called by the designation of the most important portion of the street. To avoid further confusion he would also select a more distinct name for Main-street Extension. Chairman Merrill suggested that a pioneer family and at the same time a man who had been active in the affairs of the city might well be honored, and advised that that portion of the street be called Beeger street. The suggestion appeared to meet with the general acceptance and on motion of Trustee Deleau, seconded by Trustee Sampson, the city attorney was directed to prepare for presentation at the next meeting an ordinance changing the name of Mound street to Main street and of Main-street Extension to Beeger street.

Reports of the city officers and employees for the past month were presented and after investigation were ordered filed for reference. The financial tsatements show the condition of the several funds to be as follows:

The Treasurer reported balances in the several funds as follows: Water fund, $2092.20; Library fund $868.21; General fund, overdrawn, $3127.05.

The Marshal reported collections amounting to $1683, of which $144 was for water.

An ordinance requiring the muzzling of all dogs within the city limits was introduced and given its first reading. The ordinance requires that all dogs allowed to run at large shall be provided with a wire muzzle, so constructed as to meet the approval of the City Health Officer and arrange so as to effectively prevent the possibility of the dog biting. Dogs without muzzles may be taken up by the poundmaster and if not redeemed within three days may be killed. Owners of dogs failing to comply with the law will be subject to fine or imprisonment.

At the suggestion of Chairman Merrill the clerk was instructed to communicate with the county Supervisors and request that they cooperate in the campaign against the mosquito pest, with a view to securing care of the sections without the limits of municipalities.

Chief Winter of the fire department was given authority to attend the annual convention of fire chiefs to be held at Los Angeles next month.

St Peter's Church Services.

St. Bartholomew's Day will be ceelbrated at St. Peter's church this Saturday morning with Holy Communion at 7:30. The Sunday school will hold its annual picnic today. The children, teachers and parents desiring to participate will meet at the church this morning at 9 o'clock. The music at the services last Sunday morning was of a high order, Miss Witter's playing was a revelation to lovers of organ music, while Mrs. Crabtree gave an excellent rendition of "Abide With Me" for the offertory.

The services for Sunday will be as follows: Holy Eucharist, 7:30 a. m.; Matins and sermon, 11 a. m.; Vespers and address, 8 p. m. Sunday school meets in the morning at 10 o'clock and the League of St. John in the eveningat 7.

Republican Convention.

The republican county convention will be held in Redwood City on Saturday, September 14, and will be composed of 90 delegates to be elected at the primary election on September 3. There will be stickers at every polling place containing the names of the delegates to be voted for and these will be put on the regular ballot by the voters.

John Curry Gets Good Position.

John Curry has been appointed estimator for A. J. Barclay, the S. P. contsruction engineer at Auburn, Cal. Curry graduated with the highest honors from Santa Clara University, with cum laude, which under the new university is numerically equivalent to about 97 credits. This is the highest that any student on the peninsula has ever gained and his cum laude is only one degree lower than the highest ever made at Santa Clara. Curry is moreover, the youngest student graduate from Santa Clara, and it is the first time the youngest in the Senior class has attained first. He has been attending the college for the past six years, and at thirteen passed the final high school examination for entrance into college, and at fifteen was the best Greek scholar there, i. e. his standing was first in the highest Greek class. During the last year he was first throughout the two semesters in ethics, Theodecy and mathematics. Ethics and mathematics being his major studies. He was second in chemestry, although during the entire year for niné out of ten months was first in that subject, and stood second in physics and political economy. His age at graduation was seventeen, and no one has yet graduated at a younger age. He was also the first to receive the gold ribbon decoration from the new university, which is given to any one first in four subjects, or first in three, and second in two, and incidentially was the firts to graduate with the cum laude honor given by the university.

Belmont Belle Weds.

A wedding of interest was quietly celebrated on Wednesday, the 21st, when Miss Alice Hammerson of Belmont, became the bride of John E. Gallagher, at the Episcopal church at Palo Alto. The Rev. D. Chas. Gardner performed the ceremony, and only the immediate family of the bride was present.

The bride is a well known young lady, being the daughter of Mr. and Mrs. Alfred Hammerson, old residents of Belmont, and a graduate of Stanford University. Mr. Gallagher comes from theEast,and is with Bradstreet's of San Francisco, where the happy couple will reside. The bride was the recipient of many handsome presents as well as the good wishes of hosts of friends all through the county.

Kind Act Appreciated.

The First Brigade of the Blue Army wish to tender their thanks through the Times-Gazette to Mrs. Elizabeth Winter for her kindness shown them during there encampment at Redwood City.

WOMANS CLUB TO BEGIN WORK FOR NEW YEAR

The first meeting of the club year, Thursday, September 5th, 1912, will be of special interest to all club members. During the vacation months the members of the program committee have been hard at work arranging special features for each club day.

In honor of Mrs. Percy L. Shuman, San Francisco district president, the club is planning to entertain all the State officers, district officers, presidents of all the clubs in the district and all the club members of San Mateo county. Many prominent club women of San Francisco and San Jose have been invited to assist in making the day a memorable one for our local club.

The good which we will derive from coming in contact with our neighboring clubs, and the suggestions for better club work from our state and district officers will be well worth the effort expended.

A buffet luncheon will be served at the club house to the out of tow guests from twelve o'clock to two; after which, the hostess, Mrs. C. E. Cumberson will introduce the guest of honor who will have charge of the district council.

The music of the afternoon has been entrusted to artists from San Frnacisco and San Jose. The speakers of the district council will be published later.

There are many sections in the Woman's Club doing good work. The choral section under the leadership of Professor Bartlett of San Francisco will be reorganized at an early date. A special rate of $1 a month has been made to those who wish to join this section and are not members of the club. The section is free to all club members.

The other sections are parliamentary law, civic, dramatic, Shakespeare, program, philanthropy, and a domestic section may be organized.

SAN MATEO CONSTABLE WORKS DETECTIVE STUNT

Constable M. Sheehan of San Mateo bythe clever capture of Frank Masse, the man who looted the home of E. W. Hopkins at Menlo Park sometime ago and got away with something like $5000 worth of jewelry, places him among the best detectives of the state and makes him by long odds the cleverest officer of the peninsula. Mr. Sheehan has made many splendid captures of criminals before but this is the best bit of detective work he has yet done. In the Second township, where he has has been elected constable for many years without opposition,. he is the terror to evil doers and all criminals fear him and tseer clear of his bailiwick. Masse was formerly a waiter at the Peninsula hotel at San Mateo.

He was taken before Justice McCormick of San Mateo and found guilty and fined $50 and given a three months' jail sentence but on return of the stolen property the jail sentence was suspended. He was arrested last Sunday in Santa Cruz by Sheehan for the theft of some silver ware from the Peninsula hotel, where he had been employed, and the theft of a diamond ring from Mrs. Jules Levy, one of the Peninsula guests. The diamond, found in Masse's possession, had been reset and could not be positively identified by Mrs. Levy. This necessitated the reduction of the charge from grand larceny to petty larceny.

Masse at once left for the depot to take a train for San Francisco, and rode to the station on a bicycle he had brought with him after his arrest in Santa Cruz. Several small children playing at the station recognized the bicycle as one stolen in San Mateo ashort time ago and at once notified the local authorities.

The San Francisco police were at once informed by wire, and Masse was rearrested as he stepped from the train in San Francisco. Sheehan went to San Francisco and brought Masse back to face another charge of petty larceny. It was then that he was taken to the Peninsula hotel for the "sweating" that led to his confession of the moreserious crimes and the recovery of the stolen jewelry.

Masse confessed to Sheehan the robbery committed at the home of E. W. Hopkins of Menlo Park about a month and a half ago. He was taken in an automobile to the Autone Borel place where the stolen jewelry and silver ware was recovered. It was buried by Masse under a large oak. It was a glittering pile worth about $5000. Masse made a complete confession to Sheehan.

New Actions in Superior Court.

Mary E. Glynn has commenced an action in the Superior Court against D. Hughes and others to quiet title to lots 159 and 161, Santa Cruz avenue, Menlo Park.

Gerald Stack has brought an action in the Superior Court against E. B. and A. L. Stone to quiet title to lot 6, block 178, Abbey Homestead Association Tract.

James Hawke has brought suit against C. A. Carlson and others to recover the sum of $112 for sidewalk work done in front of defendants' property at Burlingame.

George S. Fall has commenced foreclosure proceedings in the Superior Court against Mary Schuyler and others to recover the sum of $300 interest on $150 from April 29th, 1911 at the rate of 2 percent per month and interest on the other $150 from October 29th, 1911 at the rate of 2 per cent per month. Plaintiff also asks for attorney fees in the sum of ten per cent of the amount recovered. The property on which the mortgage is to be foreclosed is located at Hillcrest and consists of lots 11, 12, 13, block 13.

Remi Aliamus has commenced an action in the Superior Court against his wfie, Bridget Aliamus, for an interlocutory decree of divorce on Statutory grounds.

Lester Blanchard has commenced an action in the Superior Court against Catherine Kelly, as administratrix of the estate of Thomas J. Kelly, deceased, to recover the sum of $1030. The complaint alleges thatHugh Kelly died on May 10, 1900, leaving $1030 in trust to Thomas J. J. Kelly for his grandson, Lester Blanchard. By the terms of the trust money was to be loaned out on a first mortgage and given to young Blanchard on arriving at the age of 21 years. Some years ago T. J. Kelly depoisted the money with the California Safe Deposit Company of San Francisco and that concern having failed he felt that he wasnot legally responsible for the payment of the money to his nephew who had become of age. Mr. Kelly died last year,however, a settlement might have been reached by theparties had not death intervened. Mrs, Kelly rejected the Blanchard claim on August 7th, 1912 andthis action is the result. Mrs Kelly prefers the court to adjust the matter and determine the responsibility of the claim.

Administrator Changes Attorneys.

Norman A. Eisner has been substituted an attorney in place of Hewlett, Bancroft and Ballantine by A. L. Whitney, as administrator for the estate of Albion H. Whitney, deceased.

LIGHT EXTENSION IS AGAIN UP TO PEOPLE

City Trustees Will Ask People to Grant Funds for Needed Betterment of System

The question of providing this city with a street lighting system which will be adaquate for theservice of all sections is to be again submitted to a vote of the people. This determination was reached after a full discussion of the subject by the council at its meeting last Monday evening, when it was practically determined to again submit a proposal to issue bonds for that purpose. That the general sentiment of the people favor such action, in the opinion of the trustees was evidenced at the last special bond election when the issuance of bonds for this purposewas given an immense majority vote, and in fact was defeated only by a slight technicality.

The subject came to the attention of the council during a general discussion of the finances and general needs of the city. In discussing the general demand for extensive expenditures, Chairman Merrill called the attention of the trustees to the fact that with the approach of the winter season they would again be confronted with numerous demands for additional lights in various portions of the city, some of which were at present in utter darkness, and suggested that if justice were to be done to the residents of these portions of the city, it would be absolutely necessary that funds considerably beyond those which will be secured through ordinary methods of taxation be secured and suggested that bonds must be issued for the purpose.

The suggestions of the chairman met with the hearty second from Trustee Hahir, who emphatically declared that in the past residents of the outlying districts had not been justly treated. While called upon to bear their portion of the expense of construction and maintenance of the present incomplete system, they had been denied most of its benefits. These people had been repeatedly promised relief from this serious inconvenience and it was but justice that some effort be made to fulfill the agreement. At the present small cost of current secured for the city, the expense of maintaining the lights after the intsallation of the service would be but a nominal matter. It was his opinion that a proposal for the needed extensions would receive a practically unanimous support.

Street Superintendent Dickey called attention to the decayed condition of two bridges and suggested that funds for the replacing of these be secured in the same manner, but this suggestion failed to meet with the approval of the trustees. While it was admitted that extensive work of this character must be required in the near future, it was the opinion of the council that if the general fund was relieved of the demands for lighting purposes, the work on the bridges might be cared for from that source.

After a thorough discussion of the needs of the light system and the suggestion ofvarious economies in construction, it was decided that $6000 would be required for almost immediate use for the purpose if a reasonably fair service was to be given all sections, and that if the advantage of the lights was to be secured for the coming winter there should be no further delay. In order to place the question squarely before the people, the city attorney was directed to prepare the necessary preliminary proceedings for the submission of a bond issue of $6000, payable in 20 years, for submission at the next regular meeting.

Another Water Dispute.

The Halfmoon Bay Land Company has commenced an action in the Superior Court against F. H. Cowell and others to prevent defendants and their tenants from diverting the flow of water of the San Vicente. Plaintiff owns 112 acres of land near Halfmoon Bay and defendants own adjoining land. The company's tenants have been irrigating a portion of the 112 acres with water taken from the creek and of late Cowell's tennants have diverted the stream and plaintiffs claim they have been damaged in the sum of $10,000 by the diversion. The land company asks for a restraining order preventing defendants from diverting the flow of water. They also ask for damages in the sum of $5000, and costs ofsuit.

LOCAL NEWS OF MENLO PARK

PALO ALTO SCHOOL BOARD WORKING A CINCH GAME

The trustees of the Palo Alto high school refuse to admit pupils from this county, not even those who have ben attending. the school for the past three years will be permitted to finish. This arbitrary means is taken to compel the people of Menlo Park, Ravenswood and surrounding territory to join the proposed union high school district of Palo Alto. The people of the College City are willing toaccept the good money of the citizens of this community in the way of trade, for a good portion of the business of this locality is done there, yet they are not willing to give anything in return. It would be well for our townseople to understand this and trade elsewhere until such time as our neighbors across the creek will learn the law of reciprocity. If we are to have another high school it will be established here, never will the taxpayers and citizens agree to join with Palo Alto. The Palo Alto high school had better be improved before the trustees ask outsiders to attend it.

Items of Personal Mention.

Operation of the first unit of the plant of the Reed Zinc Company at Ravenswood will commence probably by the end of the present week. Heavy shipments of ore have been coming into the works during the past ten days at the rate of a carload to three carloads per day and there is now on hand at the factory over one hundred and fifty tons of material which has been unloaded and cased, ready for treatment. From this time on ore will continue to arrive at the plant in regular daily shipments increasing in capacity as fast as enlargements can be made to handle greater quantities.

Notice of Trustees' Sale.

Notice is hereby given that in accordance with the terms and under and by virtue of the powers contained in and conferred by that certain deed of trust, dated the 29th day of July, 1910, duly executed and delivered by George L. Gertig and Annie Gertig, his wife, of the City and County of San Francisco, State of California, parties of the first part, to Horace C. Mercer and William O. Jones, of the City and County of San Francisco, State of California, parties of the second part, and Ella M. Mercer, of the said City and County, party of the third part, and recorded in the office of the County Recorder of the County of San Mateo, State of California, in Book 180 of Deeds, at page 295 and following pages, records of said County of San Mateo, State of California, and in pursuance of a certain notice and demand given and served on the said Horace C. Mercer and William O. Jones, as trustees, and in accordance with the terms and conditions of the said deed of trust, by the said Ella M. Mercer, who is the owner and holder of a certain promissory note of even date with the aforesaid deed of trust executed and delivered by said George L. Gertig and Annie Gertig, his wife, to said Ella M. Mercer, to secure the payment of which said note the aforesaid deed of trust was executed and delivered, and in which said notice and demand it was declared that default had been made and continued to be made in the payment of the sum and sums due on said note and secured by said deed of trust, and did demand and direct Horace C. Mercer and William O. Jones, as trustees under the powers conferred by said deed of trust, to sell at public auction the real estate described in said deed of trust to satisfy the indebtedness evidenced by said note and secured by said deed of trust.

Now, therefore, we, the said Horace C. Mercer and William O. Jones, as such trustees, in accordance with the demand of the said Ella M. Mercer, do hereby give notice that on the 14th day of September, 1912, at 2:30 P. In Witness Whereof I have hereunto set my hand as County Clerk of the County of San Mateo this 5th day of August, A.D. 1912.

JOS. H. NASH, County Clerk.

PENINSULA RATE CASE WILL BE TRIED MONDAY.

Next Monday morning at 10 o'clock at the offices of the Railroad Commission, Commercial Building, San Francisco, San Mateo county will begin to find out whether the Southern Pacific is to maintain the same stranglehold on the prosperity of the peninsula as it has for a number of years past. At that time the suit for relief from the discrimination in railroad fares will be initiated. The campaign leading up to this point has been a long and arduous one but has been one, none the less, in which the Board of Governors of the Development Association have never lost faith. Further they believe that the preparation for the case has been the most thorough on the part of Attorney Seth Mann and they are confident that the ending will be to the material advantage of the peninsula. The hearing is a public one and will be largely attended by the interested citizens of the county.

Who Knows David Eckley Baker?

Postmaster Price is in receipt of a letter from Mrs. C. H. Porter of No. 6 Jefferson street, Winthrop, Massachusetts, inquiring for David Eckley Baker, who left Hynnis, Massachusetts, in 1859, then aged 20 years, and came to Redwood City where he was last heard from. At the date mentioned and for a number of years thereafter Redwood City had a resident named David Baker, but he never added the initial "E" to his name. He conducted a dry goods store. He was married twice while here and is supposed now to be a resident of the southern part of the State.

At a quiet wedding at the home of Mr. and Mrs. Allie Green at Hollister Sunday afternoon, Miss Edith C. Green and Daniel A. McDonald, a prosperous farmer, were joined in marriage. The bride is the granddaughter of Mrs. Annie Gilbert of this city. She has been very popular in her home city and is a talented teacher.

The officers of Olive Branch Rebekah lodge were installed Tuesday evening by Mrs. Adele Merkel, District Deputy of San Mateo. Next Tuesday evening another important meeting of the lodge will be held and a good attendance is desired.

Steel Lined SHOT SHELLS
The Remington Cubs cut into a good one.
Each and Every One a Speed Shell
The speed that breaks your targets nearer the trap. That's why *Remington-UMC* Steel Lined Shells have won 13 out of the 15 Handicaps held in the last three years.
The speed that gets that mile-a-minute "duck" with a shorter lead—that's why it takes over 50,000 dealers to handle the demand for *Remington-UMC* Steel Lined Shells.
The Shooting fraternity are speed wise. They know loose smokeless powder won't drive shot. They know that the drive depends on the compression.
The powder charge in *Remington-UMC* shells is gripped in steel. This lining is designed to give the exact compression necessary to send the load to the mark quickest. It insures speed—the same speed in every shell.
The steel lining is moisture proof—no dampness can get through. Jar proof—no powder can get out. Waste proof—no energy is lost.

To Please the Palate
is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.
